

## REPOSITORY POLICY FOR UNIVERSITY OF MALAYA POSTGRADUATE THESES/DISSERTATIONS/RESEARCH REPORTS

### 1. AIM

The aim of this policy is to establish the procedures to be followed for the setting-up of a repository for the University of Malaya postgraduate candidates' theses/dissertations/research reports.

### 2. POLICY

- 1) The University, via the Library, collects all the theses, dissertations and research reports produced in the University of Malaya in both the print and electronic format. It is the policy of the University that the public should be given access to the theses/dissertations/research reports resulting from postgraduate research work. Thus, all postgraduate candidates undertaking research work are required to submit ONE print copy and ONE electronic copy of their thesis/dissertation/research reports to be kept by the University of Malaya Library.
- 2) The University acknowledges that there are commercially viable research products. Public access to such theses and dissertations may be placed on hold to enable registration or intellectual property control such as patent registration and publication of articles.
- 3) The University of Malaya Library had established a EPrints-based theses/dissertations/research reports repository system (<http://studentsrepo.um.edu.my>) in 2010. The advantages of EPrints are as follows :
  - a) Free access
  - b) User friendly
  - c) Open source where information can be shared with higher learning institutions all over the world
  - d) Documents are controlled in terms of security
  - e) The system has been customized to cater to the needs of the University of Malaya
  - f) The system is controlled by the University of Malaya
